Opinion No. 74-119

Honorable Randall Palmer  
Representative Third District  
802 S. Catalpa  
Pittsburg, Kansas 66762

Dear Representative Palmer:

You request our opinion "whether or not 1974 Senate Bill 878 contains any constitutional defects or other errors in it upon which the Kansas Highway Commission could not rely." As we understand your inquiry, it is twofold: first, whether the Commission claims there to be any error or flaw, constitutional or otherwise, in the bill, and second, if so, whether there is any merit to the claim.

We have forwarded your letter to the Legal Department of the Commission. The response we received does not indicate that the Commission presently perceives any error or defect in the bill, of constitutional or lesser magnitude. There is, thus, no present claimed objection or error upon which this office may express an objection.

Yours very truly,

VERN MILLER  
Attorney General
