Re: Notaries Public—Appointment—Revocation

Synopsis: Kansas law does not authorize the revocation of the appointment of a notary public who removes from the state. However, no notary public may perform notarial acts under the authority of an appointment by the Secretary of State pursuant to K.S.A. 53-101 outside the State of Kansas.

Dear Mr. Parks:

You advise that you have received written notification from a notary public who was appointed pursuant to K.S.A. 53-101 et seq., that the notary has moved to another state.

As you state ch. 53, K.S.A., is silent as to what action, if any, the Secretary of State should take regarding the appointment of notaries public who have removed from this state after their appointment, and you inquire what procedure, if any, should be followed.

K.S.A. 53-101 provides that only persons who are eighteen years of age and who have been residents of this state for at least one hundred eighty days prior to the date of application are eligible for appointment. A notary is appointed for a term of four years.
Chapter 53, K.S.A., is silent as to the authority to revoke the appointment of a notary public upon his or her removal from the state. Absent specific statutory authority, or provisions from which such authority may reasonably and necessarily be implied, it is my opinion that the Secretary of State should take no action whatever regarding the appointments of such persons. I would point out that under K.S.A. 53-107, no notary public may perform any notarial acts performed under an appointment from your office outside the state.

Yours truly,

CURT T. SCHNEIDER
