ATTORNEY GENERAL OPINION NO. 82-177

The Honorable Charles F. Laird
State Representative, Fifty-Ninth District
3501 Shawnee Court
Topeka, Kansas 66605

Re: Bonds and Warrants -- Cash Basis Law -- Records

Synopsis: K.S.A. 10-1117 requires certain records "of" the municipality to be open for public inspection including records of "indebtedness, contracts creating a liability against the municipality, . . . each order, warrant check or checks, drawn on the treasury and paid." Private records of a business or corporation are not available for inspection under this statute. K.S.A. 10-1117 directs the clerk or secretary of the municipality to keep and make available these records and does not place any legal obligation upon any employee of a private business or corporation to disclose any records. Cited herein: K.S.A. 10-1117.

Dear Representative Laird:

You inquire of this office for an interpretation of K.S.A. 10-1117. You ask: "Does information regarding contractors who deal with municipalities have to be made public?" You further inquire: "Must the employees of the various contractors be cooperative in rendering such information to the public?"

K.S.A. 10-1117 requires certain records "of" the municipality to be open for public inspection including records of "indebtedness, contracts creating a liability against the municipality, . . . each order, warrant check or checks, drawn on the treasury and paid." Therefore, private records of a
business or corporation are not available for inspection under this statute. Please note in answer to your second question, K.S.A. 10-1117 directs the clerk or secretary of the municipality to keep and make available these records and does not place any legal obligation upon any employee of a private business or corporation to disclose any records.

Very truly yours,

ROBERT T. STEPHAN
ATTORNEY GENERAL OF KANSAS

Bradley J. Smoot
Deputy Attorney General
